Air Freight and Air Cargo Shipping Services Worldwide

At PAK & SEND we understand that moving items from coast to coast or abroad is often complicated, and we are here to make it as easy as possible for you.

Shipping international can often include the need to complete Export / Import paperwork and customs forms, and we can help.

Artwork/Antiques - Pak and Send provides crating and shipping solutions for every piece of Artwork and Antique, regardless of size or weight. If shipping internationally we use packaging and crating materials that meet international import and export standards.

Bicycles - Pak and Send can ship your bike to your destination where ever it is. We have qualified staff to pack your bike securely so that it arrives safely to you.

Excess Baggage – Avoid airlines excess baggage charges and restrictions for carry- on items. Checked baggage and security may cause you unnecessary aggravation by limiting what items you can travel with, as well as adding time to your final destination.

Unaccompanied Baggage is also considered low priority air freight. Therefore, it may be held back or off-loaded at any port during the journey to its destination.

Pak and Send can help you with all your shipping needs, whether it's going abroad or across a country. Our staff has solutions to any of your shipping needs.

Additional Items we ship

- Motorcycles
- Items for Special Events
- Household / Estate Items
- Electronics

We are truly the experts when it comes to custom packaging and crating, fragile, small or large. We specialize in providing the right type of packaging for any item to protect your shipment.

Give us your small, fragile packages. Or your big, awkwardly shaped ones. When you take your items to Pak and send, we'll put over 30 years of experience to work for you, packing and shipping.

When it's too big for a standard box, we offer custom crating services to build the perfect box around it. We do whatever it takes to make sure your shipment gets to where it's going in the same condition you left it in with us. What else would you expect from your expert shipping store?

Dangerous Goods

Pak and Send provides security packaging and shipping services for packaging dangerous goods. As a leader among Dangerous Shippers in the world, we are the ONLY UPS approved Dangerous Goods packer in Ontario.
